

Farm Business Management Programs

Minnesota State Colleges and Universities

Vision: To provide educational opportunities for students to be successful in a competitive agricultural environment.

Mission: To deliver management education for decision-making that achieves an individual's business goals.

Guiding Principles:

- **Improved Quality of Life in Rural Communities**
- **Achievement of Student Goals**
- **Awareness of the Global Importance of Agriculture**
- **Integrity in Student Interaction**
- **Timely and Student-Focused Programming**

Program Goals:

- **Enhance the Accessibility and Quality of FBM Programs**
- **Expand Farm Business Management Program Marketing Strategies**
- **Enhance the Recruitment and Development of Instructors**
- **Enhance Statewide Leadership and Collaboration**
